Contents

Introduction	9
1. Technology for the collection and analysis of the personal data in the Joint registry of Russia and Belarus on thyroid cancer.....	11
2. Preliminary epidemiological analysis of data in the Joint registry of Russia and Belarus on thyroid cancer.....	15
Annex 1	
System for the analysis of epidemiological information in the Joint registry of Russia and Belarus on thyroid cancer.....	38
Annex 2	
Output tables of the "Joint registry of Russia and Belarus on thyroid cancer".....	44
Table A1.1	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Registry as a whole. Both sexes	45
Table A1.2	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Registry as a whole. Males	46
Table A1.3	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Registry as a whole. Females	47
Table A1.4	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Republic of Belarus. Both sexes.....	48
Table A1.5	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Republic of Belarus. Males.....	49
Table A1.6	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Republic of Belarus. Females	50
Table A1.7	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. 4 oblasts of Russia. Both sexes	51
Table A1.8	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. 4 oblasts of Russia. Males	52
Table A1.9	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. 4 oblasts of Russia. Females	53
Table A1.10	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Brest oblast. Both sexes.....	54
Table A1.11	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Brest oblast. Males.....	55
Table A1.12	
Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Brest oblast. Females.....	56

Table A1.13 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Vitebsk oblast. Both sexes	57
Table A1.14 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Vitebsk oblast. Males	58
Table A1.15 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Vitebsk oblast. Females	59
Table A1.16 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Gomel oblast. Both sexes	60
Table A1.17 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Gomel oblast. Males.....	61
Table A1.18 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Gomel oblast. Females	62
Table A1.19 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Grodno oblast. Both sexes	63
Table A1.20 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Grodno oblast. Males	64
Table A1.21 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Grodno oblast. Females	65
Table A1.22 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Minsk oblast. Both sexes.....	66
Table A1.23 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Minsk oblast. Males.....	67
Table A1.24 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Minsk oblast. Females.....	68
Table A1.25 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Mogiliov oblast. Both sexes	69
Table A1.26 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Mogiliov oblast. Males	70
Table A1.27 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Mogiliov oblast. Females.....	71
Table A1.28 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Bryansk oblast. Both sexes	72

Table A1.29 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Bryansk oblast. Males	73
Table A1.30 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Bryansk oblast. Females	74
Table A1.31 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Kaluga oblast. Both sexes	75
Table A1.32 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Kaluga oblast. Males	76
Table A1.33 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Kaluga oblast. Females	77
Table A1.34 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Oriol oblast. Both sexes	78
Table A1.35 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Oriol oblast. Males	79
Table A1.36 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Oriol oblast. Females	80
Table A1.37 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Tula oblast. Both sexes	81
Table A1.38 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Tula oblast. Males	82
Table A1.39 Distribution of thyroid cancer cases by age groups (age at the accident) from 1986 to 1997. Tula oblast. Females	83
Table A2.1 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Registry as a whole. Both sexes	84
Table A2.2 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Registry as a whole. Males	85
Table A2.3 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Registry as a whole. Females	86
Table A2.4 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Republic of Belarus. Both sexes	87
Table A2.5 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Republic of Belarus. Males	88

Table A2.6 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Republic of Belarus. Females	89
Table A2.7 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. 4 oblasts of Russia. Both sexes	90
Table A2.8 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. 4 oblasts of Russia. Males	91
Table A2.9 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. 4 oblasts of Russia. Females	92
Table A2.10 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Brest oblast. Both sexes	93
Table A2.11 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Brest oblast. Males.....	94
Table A2.12 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Brest oblast. Females.....	95
Table A2.13 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Vitebsk oblast. Both sexes	96
Table A2.14 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Vitebsk oblast. Males	97
Table A2.15 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Vitebsk oblast. Females	98
Table A2.16 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Gomel oblast. Both sexes	99
Table A2.17 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Gomel oblast. Males.....	100
Table A2.18 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Gomel oblast. Females	101
Table A2.19 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Grodno oblast. Both sexes	102
Table A2.20 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Grodno oblast. Males	103
Table A2.21 Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997. Grodno oblast. Females	104

Table A2.22	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Minsk oblast. Both sexes.....	105
Table A2.23	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Minsk oblast. Males.....	106
Table A2.24	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Minsk oblast. Females.....	107
Table A2.25	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Mogiliov oblast. Both sexes.....	108
Table A2.26	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Mogiliov oblast. Males.....	109
Table A2.27	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Mogiliov oblast. Females.....	110
Table A2.28	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Bryansk oblast. Both sexes.....	111
Table A2.29	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Bryansk oblast. Males.....	112
Table A2.30	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Bryansk oblast. Females.....	113
Table A2.31	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Klauga oblast. Both sexes.....	114
Table A2.32	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Klauga oblast. Males.....	115
Table A2.33	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Klauga oblast. Females.....	116
Table A2.34	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Oriol oblast. Both sexes.....	117
Table A2.35	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Oriol oblast. Males.....	118
Table A2.36	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Oriol oblast. Females.....	119
Table A2.37	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Tula oblast. Both sexes.....	120

Table A2.38	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Tula oblast. Males	121
Table A2.39	
Distribution of thyroid cancer cases by age groups (age at diagnosis) from 1982 to 1997.	
Tula oblast. Females	122
